

POSITION OPENING

Northland Communications is a nationally-recognized organization specializing in providing a variety of quality telecommunication services that meet the needs of consumers and businesses located in smaller communities.

We are seeking a constructive leader with the savvy to build and foster relationships through a team environment. Bring your leadership skills and we will provide a telecommunications career surrounded and supported by seasoned-professional staff and management. This individual will lead our Technical Staff in the position of:

OPERATIONS MANAGER

This position reports to the General Manager and is located in Marble Falls, TX. Responsibilities include managing the work of technical staff, coordinating field operations with office operations, managing the safety program, FCC compliance, preventative and demand maintenance, and quality control and assurance.

The successful candidate will apply positive leadership techniques, cultivate relationships and maintain a professional team in order to provide excellent responsive service to the customers. The ability to recognize priorities and meet critical deadlines, maintain an optimistic outlook, strong customer service and communications skills, and the ability to comprehend and effectively market information technology is required.

A minimum of six years of CATV experience is required, including two years experience managing technical staff. Completion of NCTI System Technician or equal required. Successful employment history demonstrating a capacity of increasing management responsibility and completion of the NCTI Advanced Technician and various management courses preferred. Candidate must possess a clean driving record and a valid driver's license.

Northland offers a benefits package including subsidized employee and dependent medical and dental insurance, 401(k), life insurance, vacation, holiday and sick pay and educational assistance.

Please send resume and cover letter to:
