## **POSITION OPENING**

Northland Communications is a nationally-ranked company specializing in providing a variety of quality communications services that meet the needs of consumers and businesses. We strive to provide our customers with the highest quality service at the best possible price. Value is always the goal and the communities we serve are always our focus. We are seeking a professional individual looking for a career opportunity, to join our team in the position of:

### **Senior Service Technician-Seneca, SC**

The ideal candidate will possess excellent interpersonal and communication skills, is team-oriented and motivated to learn and grow with the company's evolving products. Must have the ability to work independently, good mechanical and electrical background and valid driver's license.

Responsibilities include performing residential and commercial installations that meet local, state, and federal requirements, performing field technical work, servicing customer service problems. Additional responsibilities include performance of Northland's daily quality assurance procedures. A minimum of one year of related CATV experience and valid driver's license is required, plus completion of the NCTI Installer/Technician course is preferred.

Northland offers an exciting benefits package including subsidized employee and dependent medical, dental and vision insurance, 401(k), company paid life insurance, vacation, holiday and sick pay and educational assistance. Voluntary life insurance and disability coverage are available.

Northland's training and certification program puts your career in your own hands. Send your resume and cover letter to:
